Leaving Certificate Examination 2025

Geography

Part One and Answerbook

Higher Level

Friday 6 June Morning 9:30 - 12:20

400 marks

Examination Number

Date of Birth

For example, 3rd February 2005 is entered as 03 02 05

Centre Stamp

Instructions

Write your Examination Number and your Day and Month of Birth in the boxes on the front cover.

Write your answers to all parts of the examination into this answerbook. This answerbook will be scanned and your work will be presented to an examiner on screen. Anything that you write outside of the answer areas may not be seen by the examiner.

Write your answers in blue or black pen. You may use pencil for sketches, graphs and diagrams only.

There are two parts to this examination. Questions for **PART TWO** are supplied separately but your answers must be written in this answerbook.

PART ONE Short-Answer Questions **80 marks**

Attempt any **TEN** questions.

All questions carry equal marks.

PART TWO Structured and Essay Questions **320 marks**

You must attempt **FOUR** questions. This must include one question from three of the sections below:

- Section 1: **Patterns and Processes in the Physical Environment** (Questions 1-3)
- Section 2: **Regional Geography** (Questions 4-6)
- Section 3: **Electives** (Questions 7-12)
- Section 4: **Options** (Questions 13-24)

The fourth question can be from any section.

All questions carry equal marks.

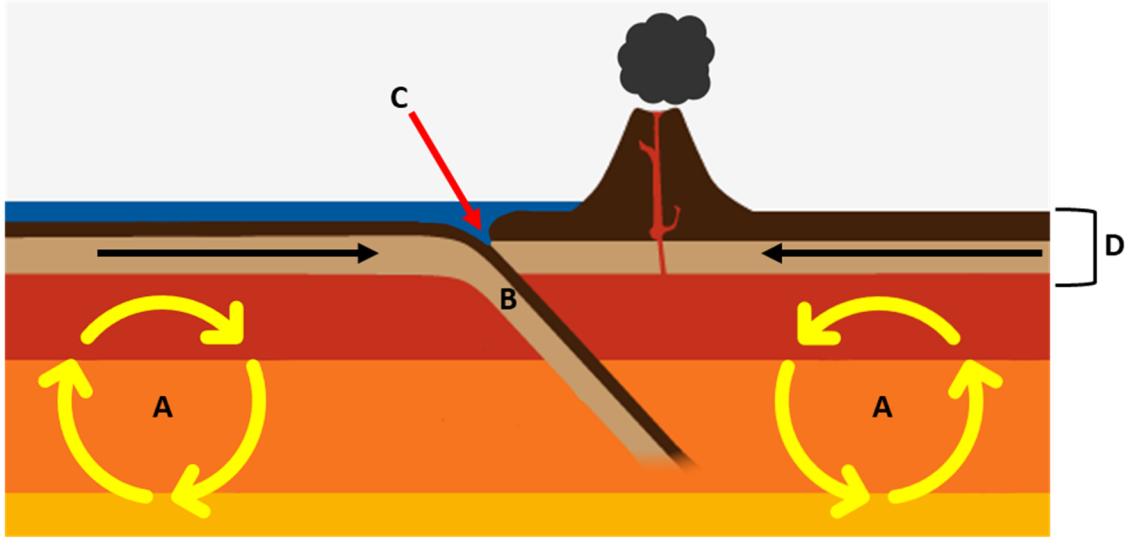

PART ONE – SHORT-ANSWER QUESTIONS – 80 MARKS

Attempt any **TEN** questions.

All questions carry equal marks.

THESE QUESTIONS ARE TO BE ANSWERED IN THE SPACES PROVIDED

1. The Tectonic Cycle

Examine the diagram above showing tectonic activity and answer each of the following questions.

(i) What type of current is shown at **A**?

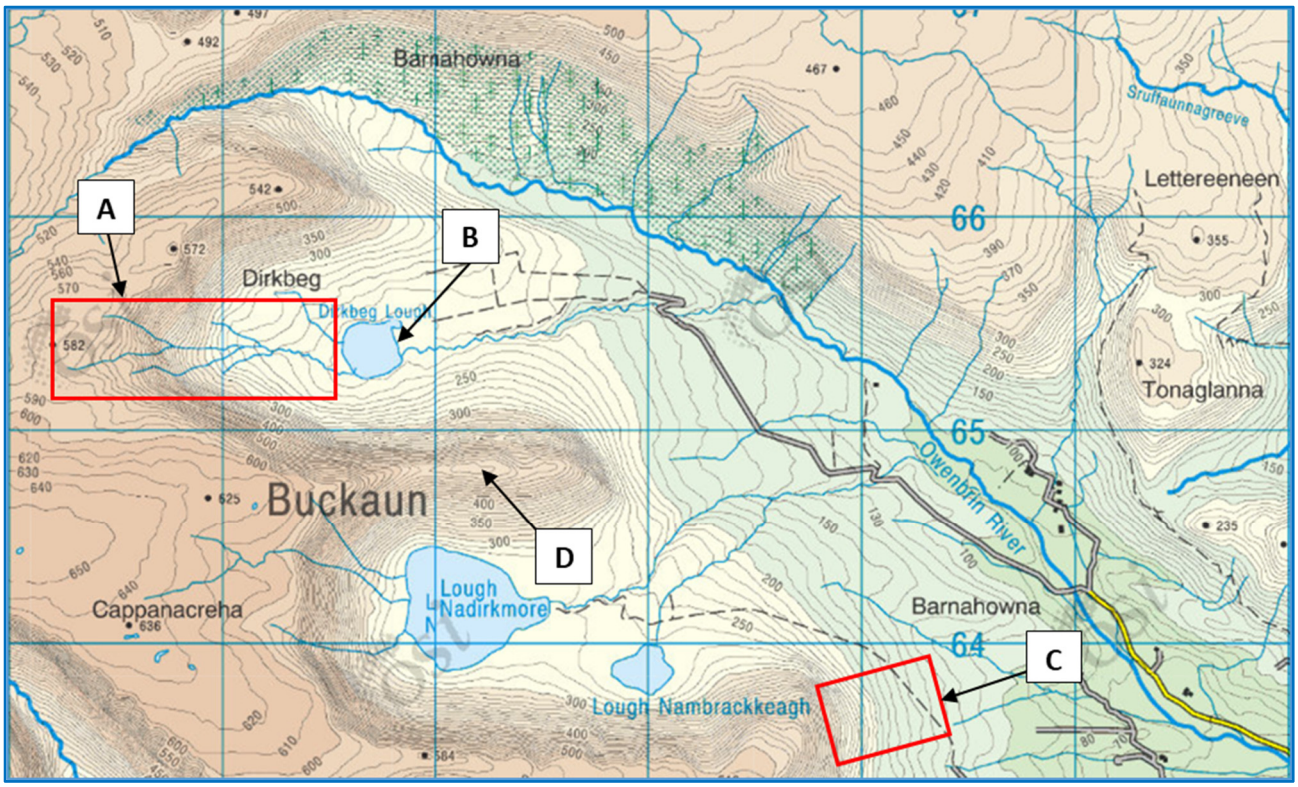

(ii) Name the process occurring at **B**.

(iii) Name the feature that is formed at the meeting point of the two plates, shown at **C**.

(iv) Name the layer of the earth at **D**, comprising of the upper mantle and crust.

[8m]

2. Feature Identification

Amended from OSI

Examine the 1:50 000 Ordnance Survey map extract above and answer each of the following questions.

(i) Match each of the features labelled **A**, **B**, **C** and **D** on the map above with the term that best matches it in the table below.

Term	Letter
Tarn	
Arête	
Dendritic Drainage	
Concave Slope	

(ii) State whether each of the following statements is true or false by ticking (✓) the correct box.

(a) Eskers are features formed by fluvio-glacial deposition.

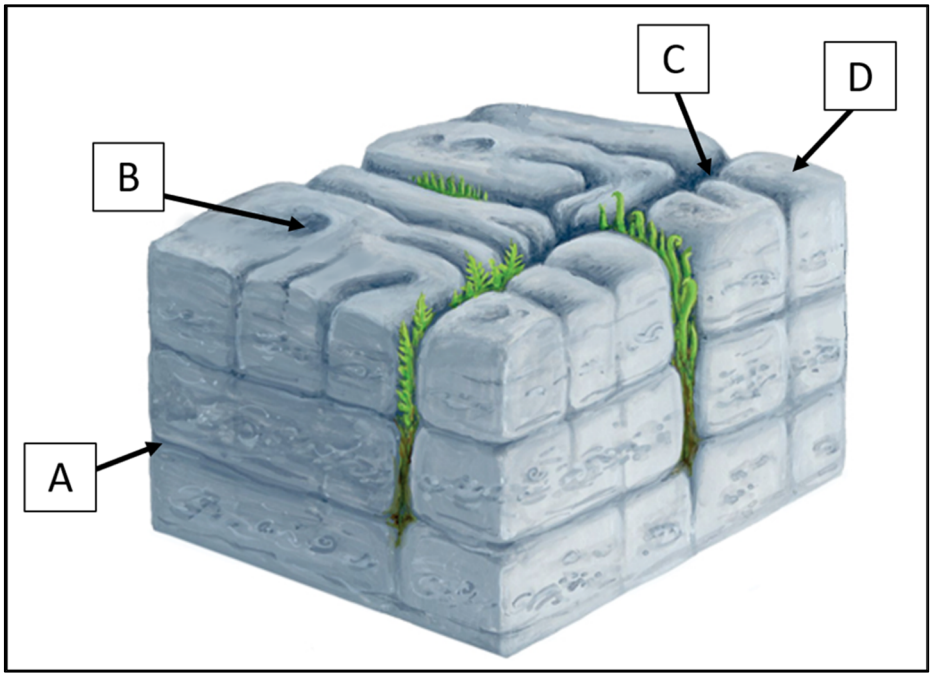

True ☐ False ☐

(b) Deranged drainage patterns are common in areas of glacial deposition.

True ☐ False ☐

[8m]

3. Karst Landscape

Amended from dalesrocks.org

Examine the diagram of a karst landscape above and answer each of the following questions.

(i) Match each of the letters **A**, **B**, **C** and **D** with the feature that best matches it in the table below.

Feature	Letter
Bedding plane	
Clint	
Karren	
Grike	

(ii) Name **one** form of chemical weathering.

(iii) State what is meant by the term *permeable rock*.

[8m]

4. Rocks

The word box below contains source materials of rocks, igneous/sedimentary rocks and metamorphic rocks. Examine the word box and answer each of the following questions.

Molten rock	~~Marble~~	Quartzite
Sandstone	Basalt	~~Limestone~~
~~Shells and fishbones~~	Schist	Sand

(i) Complete the table below by inserting the most appropriate term from the word box into each of the rows. Use each term only once. The first row has been completed for you.

Source Material	Igneous/Sedimentary Rock	Metamorphic Rock
Shells and fishbones	Limestone	Marble

(ii) State **two** factors that cause rocks to become metamorphosed.

1.
2.

[8m]

5. Mass Movement

Examine the photographs above and answer each of the following questions.

(i) Match each of the photographs **A, B, C** and **D** with the processes of mass movement that best matches it in the table below.

Process	Letter
Soil Creep	
Rockfall	
Avalanche	
Lahar	

(ii) State any **two** factors that influence the operation of mass movement processes.

1.
2.

[8m]

6. Concept of a Region

Examine the information below in the word box relating to types, examples and general locations of regions.

Complete the table below by inserting the most appropriate term from the word box, in the space that best matches it in the table. One row has been completed for you.

Paris Basin		~~Italy~~	Leinster
Co. Kerry	France	Germany	Dingle
Ruhr Valley		~~Rome~~	Wicklow Mountains

Type of Region	Specific Example of Region	General Location
Urban region	Rome	Italy
Cultural region (Language)		
Region of Industrial Decline		
Geomorphological region		
Core Region		

[8m]

7. Map Skills

Examine the 1:50 000 Ordnance Survey map and legend accompanying this paper, and answer each of the following questions.

(i) Give a six-figure grid reference for the Independent Holiday Hostel in Oughterard.

(ii) Calculate the approximate area (in km²) of Lough Corrib shown on the map extract.

(iii) Measure the length (in km) of the Dismantled Railway from M 150 402 to where it meets Easting 08 at M 080 416.

(iv) What type of cultural area can be found west of Easting 06, bordered by the yellow highlighted line?

[8m]

8. Aerial Photograph and Ordnance Survey Map

Examine the aerial photograph of Oughterard and the 1:50 000 Ordnance Survey map and legend accompanying this paper, and answer each of the following questions.

(i) Name the river shown on the aerial photograph.

(ii) Give a six-figure grid reference for the church that is located in the centre foreground of the aerial photograph.

(iii) Name the main road that runs from the left foreground through the centre middleground of the aerial photograph.

(iv) In what direction was the camera pointed when the aerial photograph was taken?

[8m]

9. Aerial Photograph

Examine the aerial photograph of Oughterard accompanying this paper and the Google Street View images below from the same area of Oughterard.

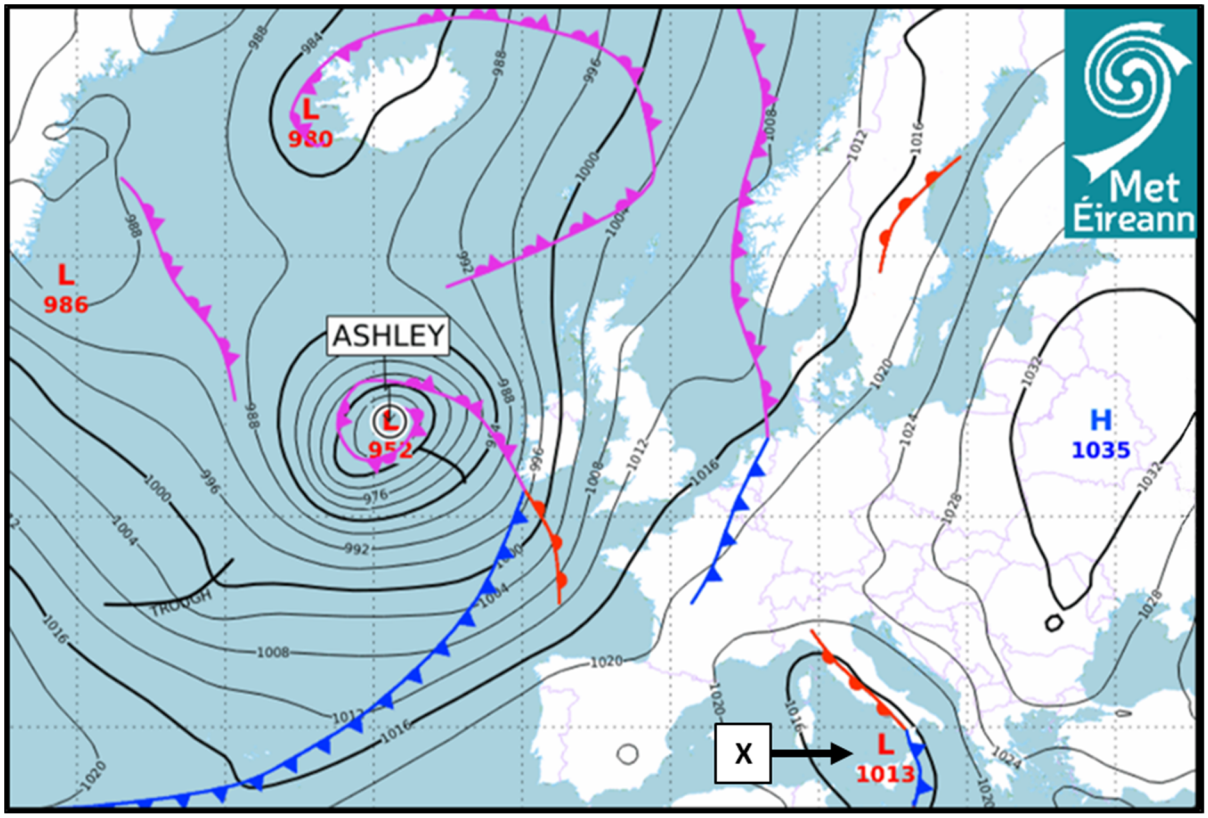

Using accepted notation, give the location on the aerial photograph of each of the areas shown in the images **A**, **B**, **C** and **D** in the table below.

Google Street View Image	Location on the Aerial Photograph
A	
B	
C	
D	

[8m]

10. Weather

Examine the Met Éireann Surface Analysis Chart above showing Storm Ashley (2024) and answer each of the following questions.

(i) What is the pressure (in hPa/mb) at the centre of the low pressure system at **X**?

(ii) State whether the following statement is true or false by ticking (✓) the correct box.
Eastern Europe is forecast to have high precipitation levels and strong winds.

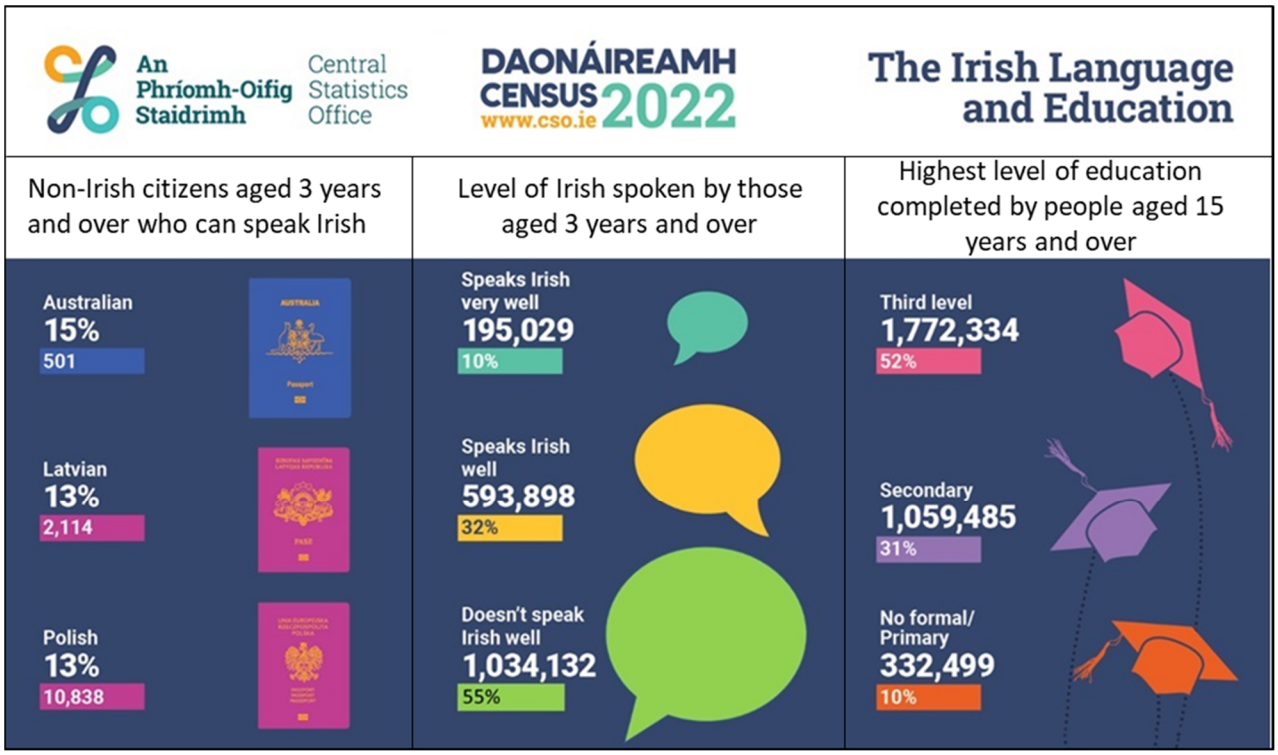

True ☐ False ☐

(iii) What is the name given to the lines on a weather chart that join places of equal pressure?

(iv) Name the type of weather front around Storm Ashley.

[8m]

11. Graphical Interpretation

Examine the infographic above on The Irish Language and Education, from Census 2022, and answer each of the following questions.

(i) Which nationality shows the highest percentage of non-Irish citizens who can speak Irish?

(ii) How many people responded that they don't speak Irish well?

(iii) The Census in 2022 found Ireland's total population to be 5,149,139.

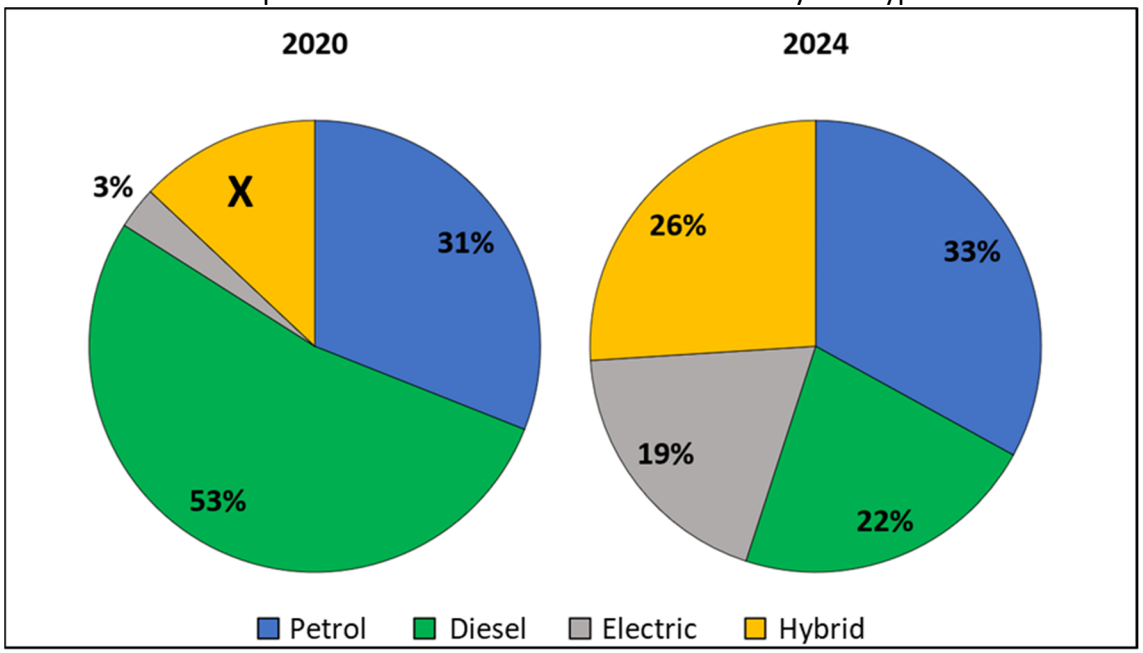

Calculate the percentage of Ireland's total population who have completed third level education.

(iv) State **one** way that the Irish government could encourage the speaking of Irish.

[8m]

12. Graphical Interpretation

Car purchases for Ireland in 2020 and 2024 by fuel type

Amended from CSO

Examine the pie charts above showing car purchases for Ireland in 2020 and 2024 by fuel type and answer each of the following questions.

(i) What percentage (%) of cars purchased in 2020 were electric?

(ii) Calculate **X**, the percentage (%) of hybrid cars purchased in 2020.

(iii) State whether the following statement is true or false by ticking (✓) the correct box.

Diesel is the only fuel type that shows a decline in purchases from 2020 to 2024.

True ☐ False ☐

(iv) Explain briefly **one** way to encourage increased electric car ownership.

[8m]

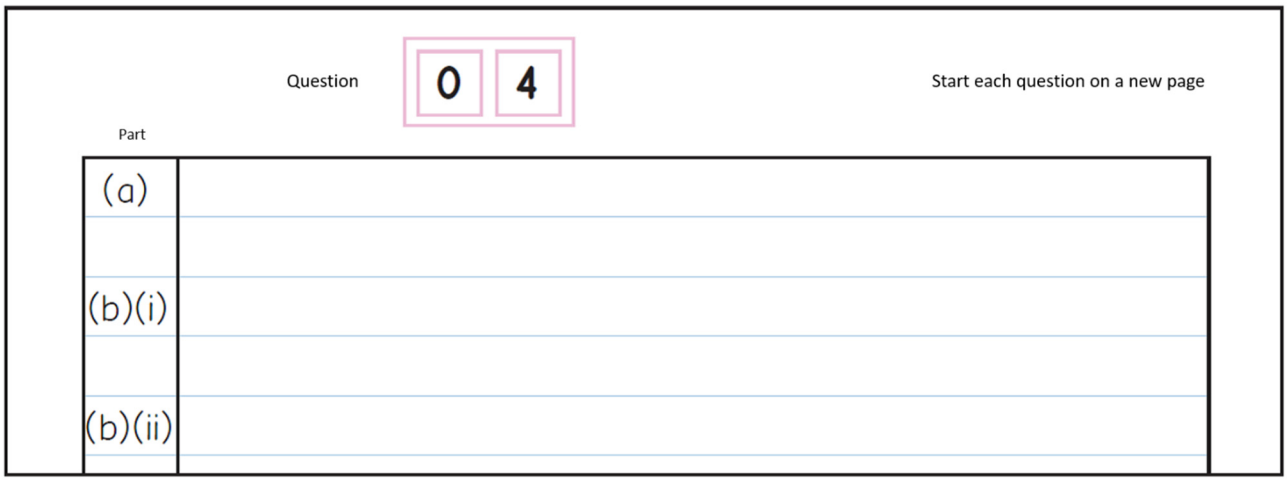

Answerbook for PART TWO

Instructions

Questions for **PART TWO** are supplied separately.

Start each question on a new page. Write the question number in the box at the top of each page.

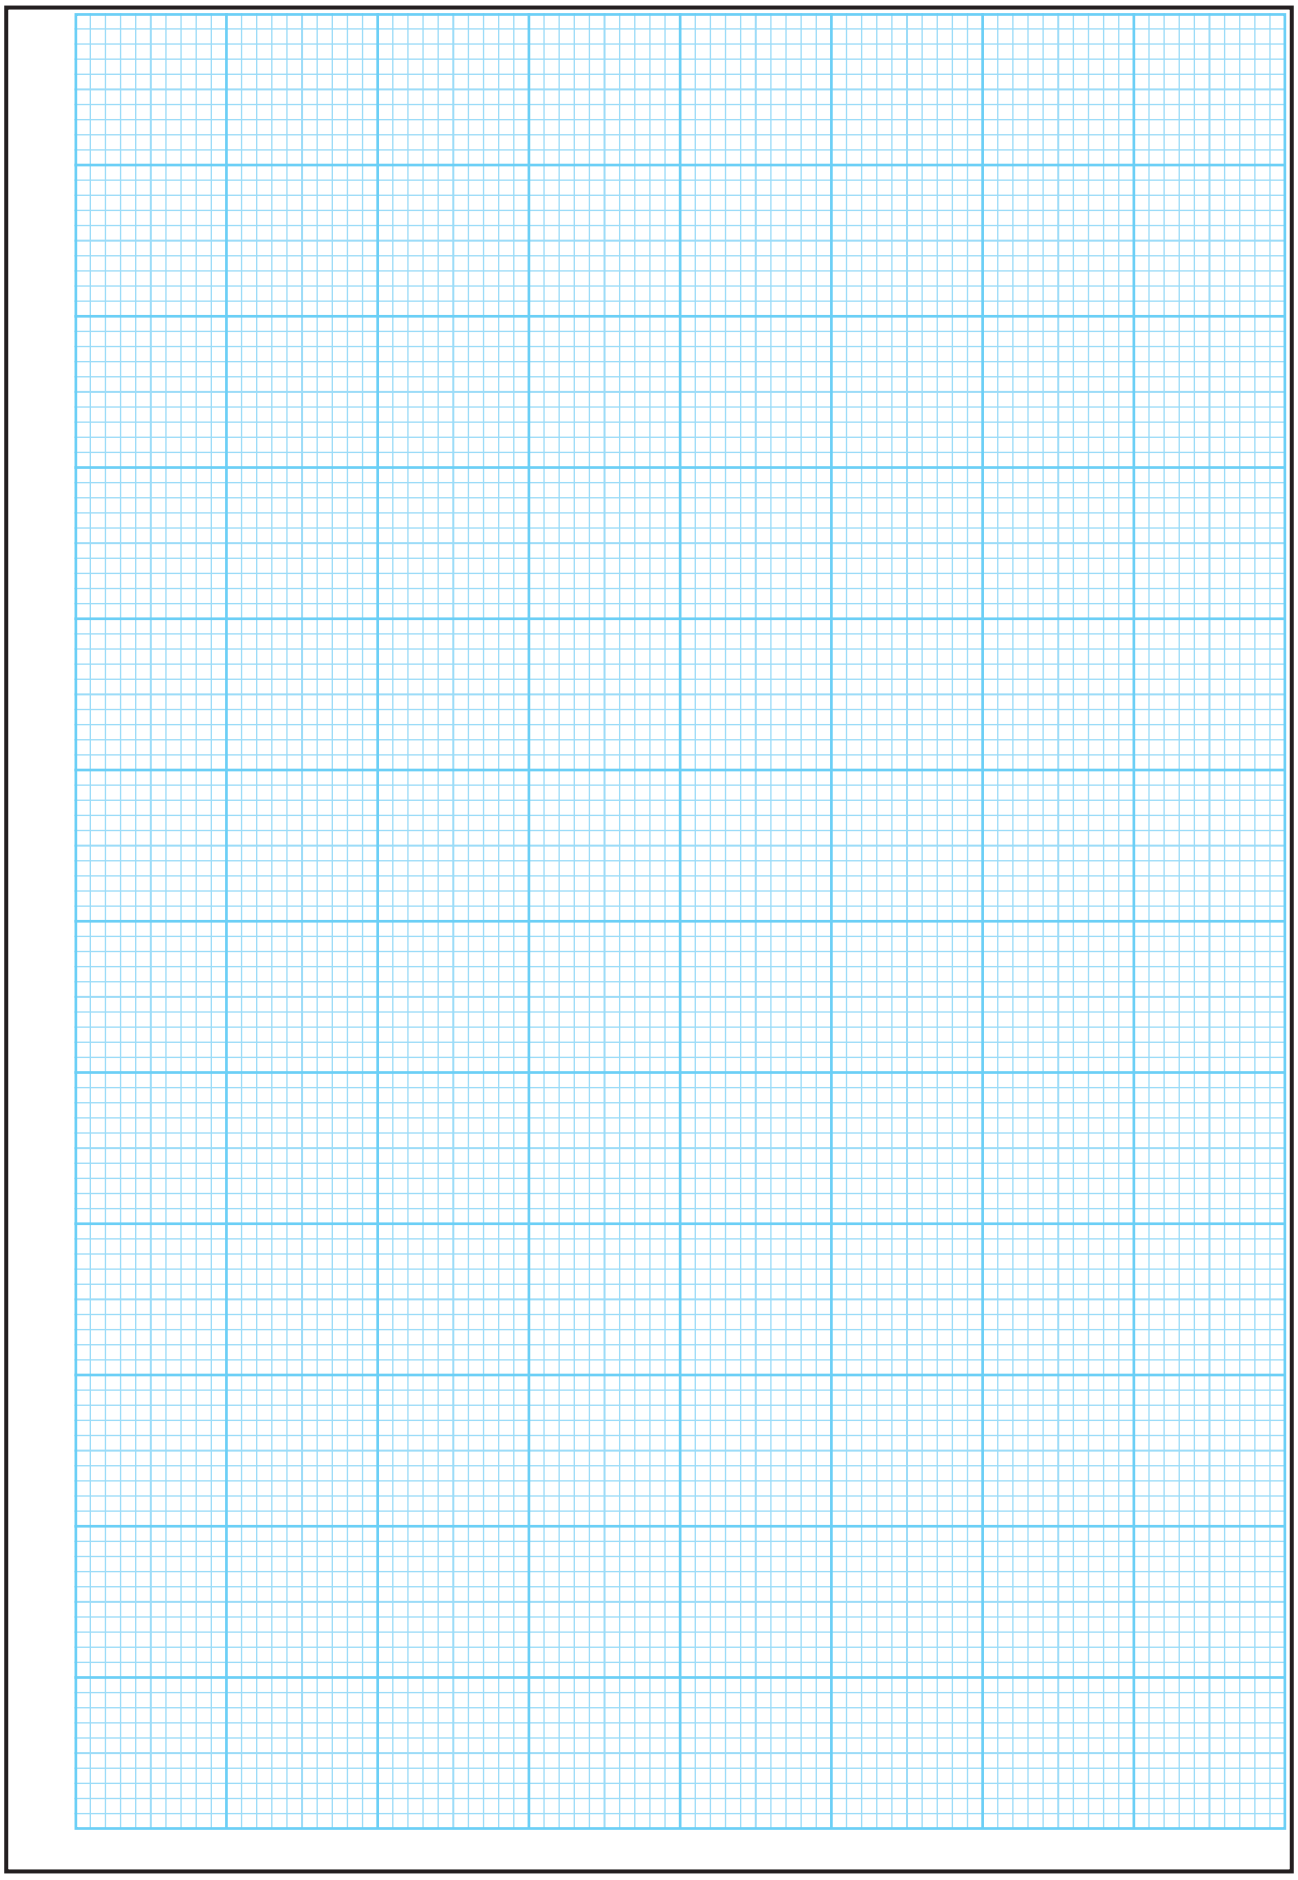

Use the left-hand column to label each part, as shown below.

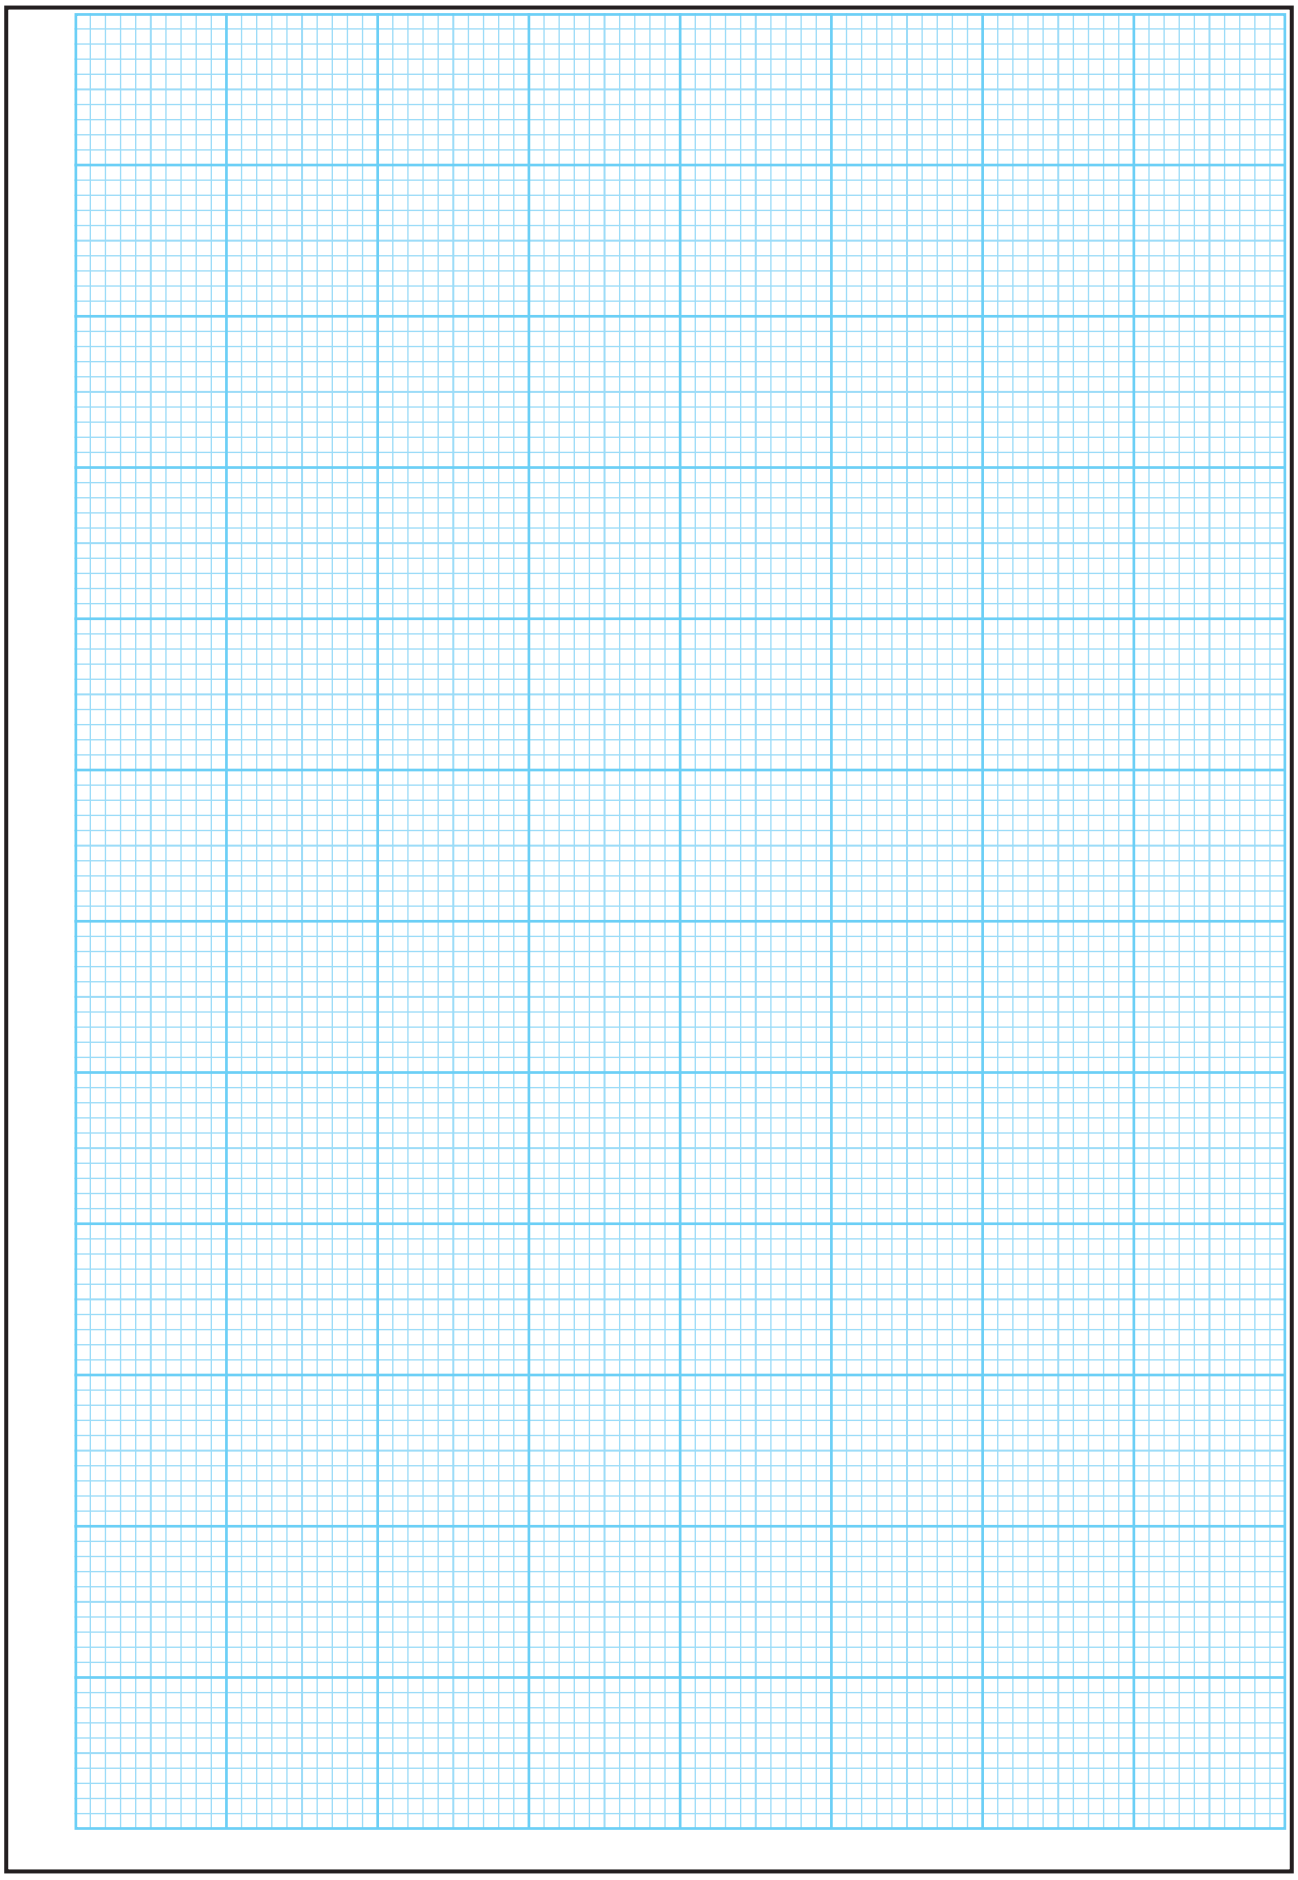

Four pages of graph paper are provided on the next four pages of this answerbook. On pages with graph paper, the box for the question number is at the bottom of the page.

You do not need to use all of the pages in this answerbook. If you run out of space in this answerbook, you may ask the superintendent for more paper or graph paper.

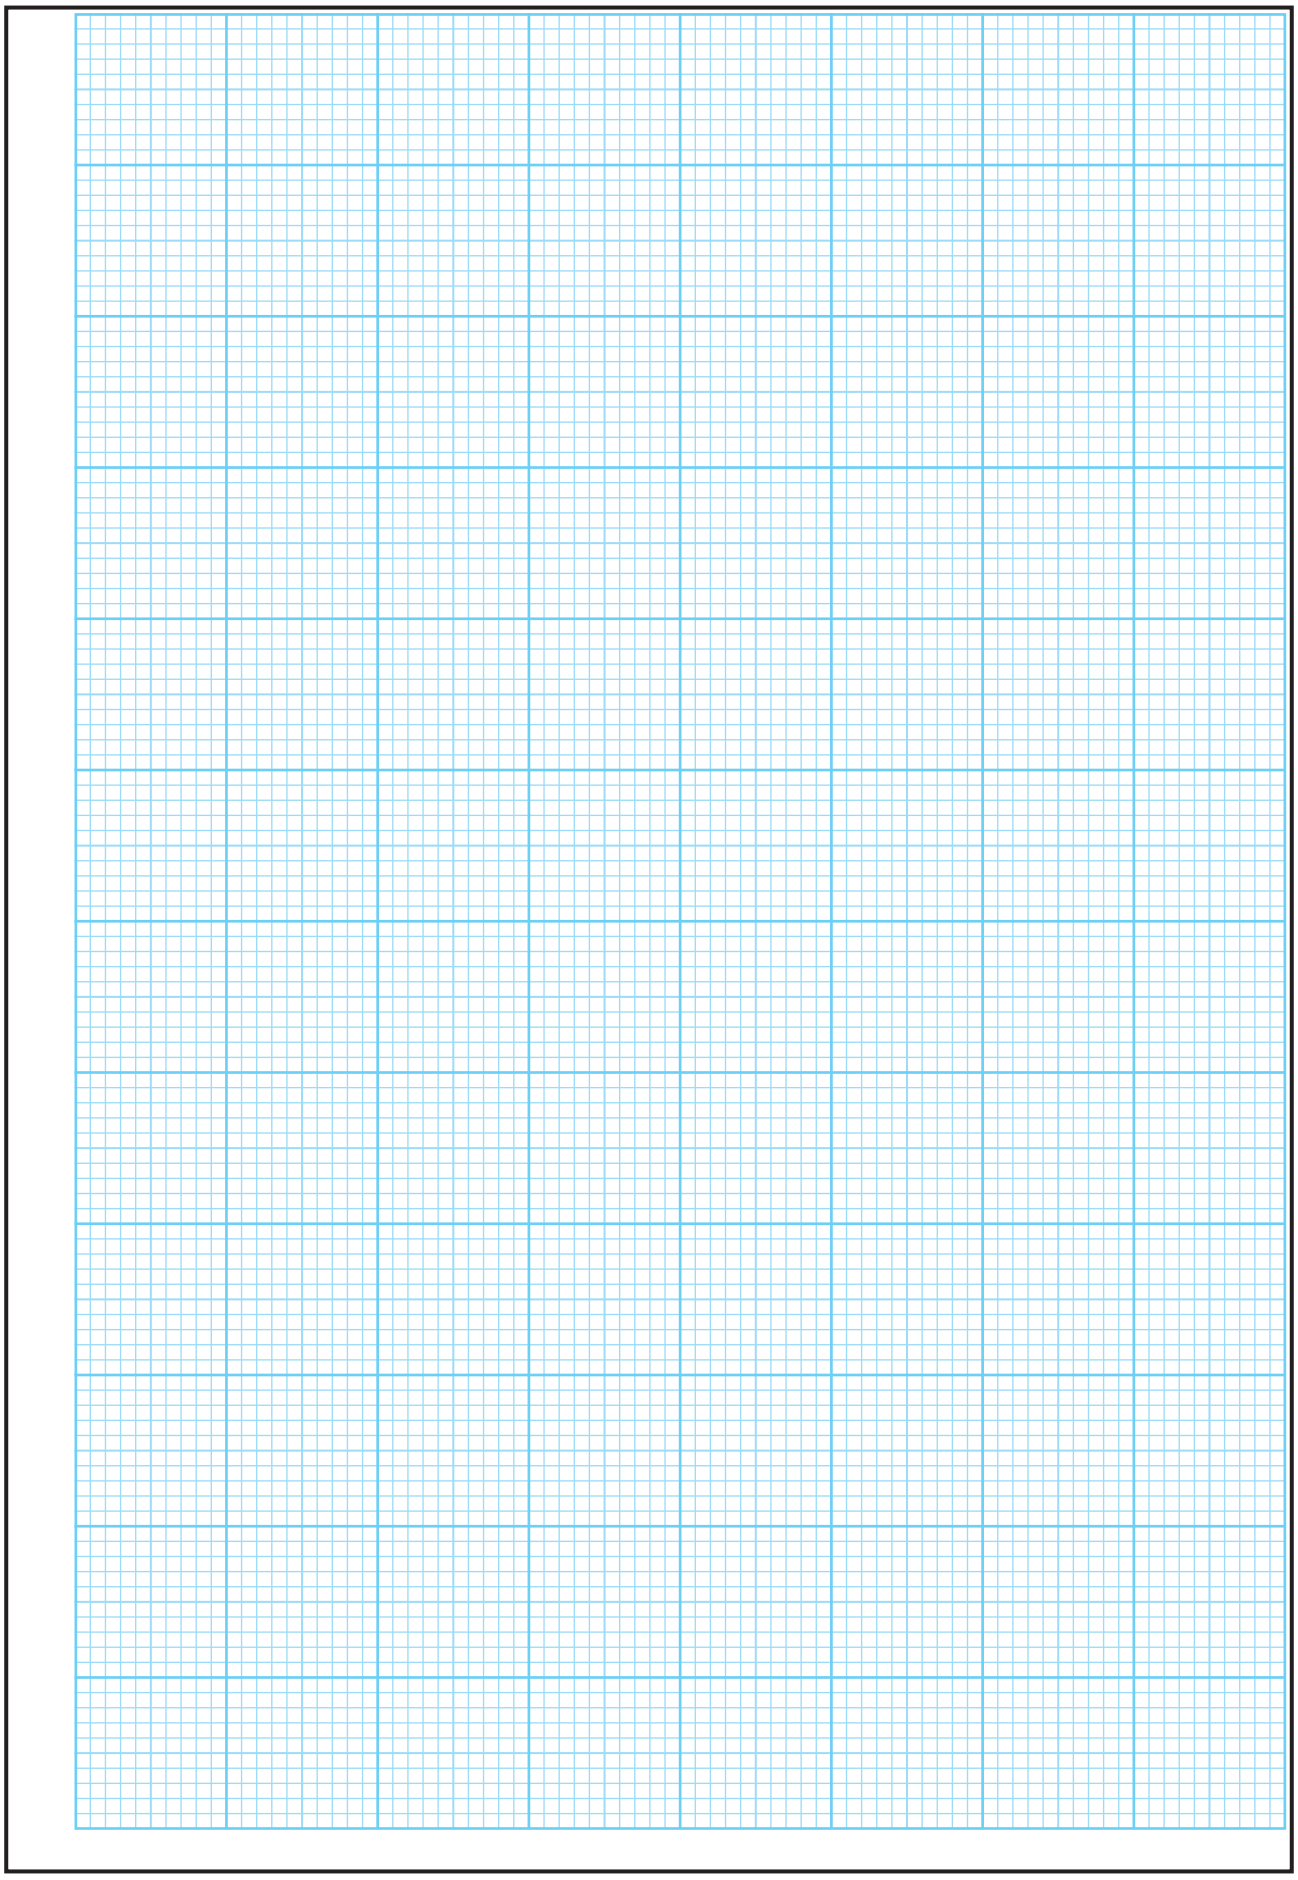

Write your answers in blue or black pen. You may use pencil for sketches, graphs and diagrams only.

Leaving Certificate – Higher Level

Geography Part One and Answerbook

Friday 6 June

Morning 9:30 - 12:20

Coimisiún na Scrúduithe Stáit
State Examinations Commission

Leaving Certificate Examination 2025

Geography

Part Two

Higher Level

Friday 6 June Morning 9:30 – 12:20

400 marks

Do not hand this up.

This document will not be returned to the State Examinations Commission.

PART TWO – STRUCTURED and ESSAY QUESTIONS – 320 MARKS

You must attempt **FOUR** questions. You must answer one question from three of the sections below.

- Section 1 – **Patterns and Processes in the Physical Environment** (Questions 1-3)
- Section 2 – **Regional Geography** (Questions 4-6)
- Section 3 – **Electives** (Questions 7-12)
- Section 4 – **Options** (Questions 13-24)

The fourth question can be from any section.

All questions carry equal marks.

THESE QUESTIONS ARE TO BE ANSWERED IN THE ANSWERBOOK CONTAINING PART ONE

SECTION 1

PATTERNS AND PROCESSES IN THE PHYSICAL ENVIRONMENT

Questions 1 to 3

All questions carry 80 marks.

Question 1

1A. Ordnance Survey Map

Examine the 1:50 000 Ordnance Survey map and legend accompanying this paper.

Draw a sketch map of the area shown to half scale.

On it, correctly show and label each of the following:

- The entire area of Lough Corrib
- The course of the Owenriff river from M 089 417 to where it enters Lough Corrib
- Buffy Lough
- The entire route of the N59 road.

[20m]

1B. Rocks and Landscapes

Examine how different rock types produce distinctive landscapes, with reference to examples that you have studied.

[30m]

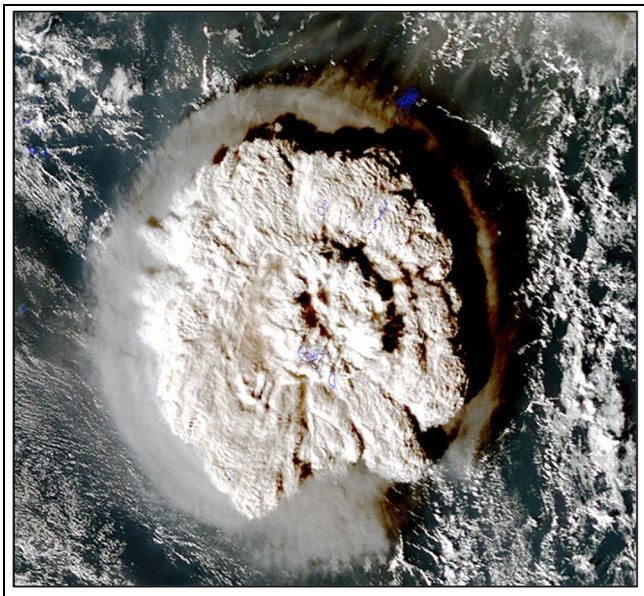

1C. Isostasy

Describe and explain how isostasy has shaped the Irish landscape.

[30m]

Question 2

2A. The Tectonic Cycle

The eruption of the underwater Hunga Tonga-Hunga Ha'apai volcano on 15th January 2022 was one of the largest ever recorded. The eruption triggered tsunami waves of up to 15m which struck the west coast of Tongatapu, 'Eua and Ha'apai. Ashfall covered an area of at least five square kilometres. Damage to the international and domestic undersea telecommunications meant little information was available from Tonga after the eruption. However, Australian and New Zealand defence forces reported significant damage to houses, roads, water services and other infrastructure. Four fatalities were attributed to the volcano and tsunami. Around 3,000 people were displaced in the immediate aftermath but most subsequently returned to their communities.

Amended from www.reliefweb.int

Examine the image and text above relating to the Tonga volcanic eruption and tsunami and answer each of the following questions.

(i) To what height, in metres, did the tsunami waves reach?

(ii) Give **one** impact on the Tongan islands from the eruption and tsunami.

(iii) How many people died from the volcanic eruption and tsunami?

(iv) State **two** ways in which volcanic eruptions can be predicted.

(v) A tsunami can also be triggered by an earthquake. Name **one** instrument used to measure earthquake activity.

(vi) Explain briefly **two** ways to limit the impact of earthquakes.

[20m]

2B. Surface Processes

Answer (i) **or** (ii)

(i) Examine the role of the **process of deposition** on the formation of **one** fluvial landform **or one** coastal landform **or one** glacial landform that you have studied.

Or

(ii) Describe and explain the **factors governing the operation** of **one** mass movement process that you have studied.

[30m]

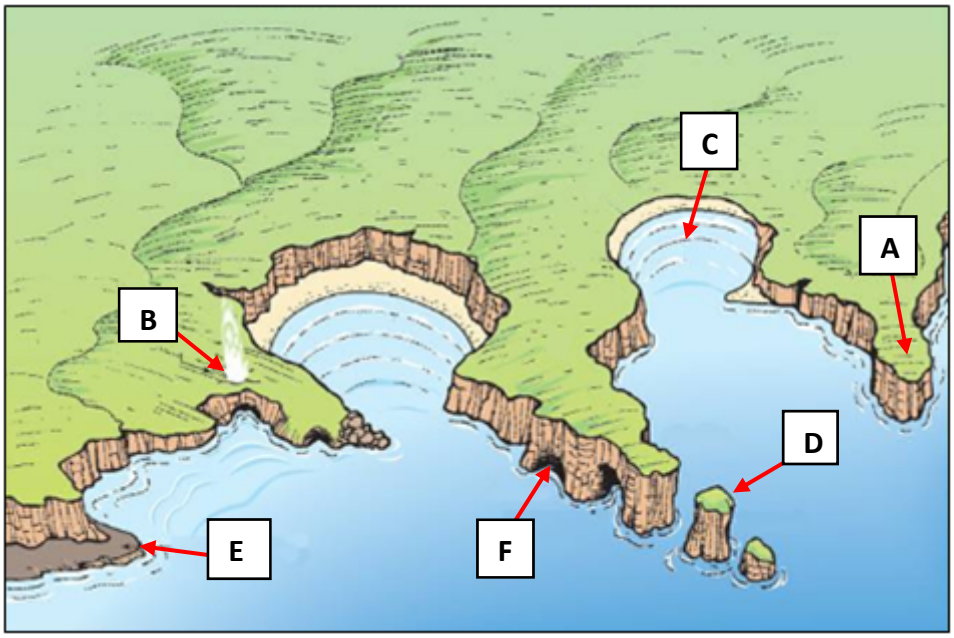

2C. Weathering

Explain **one** process of physical weathering **and one** process of chemical weathering.

[30m]

Question 3

3A. Coastal Landforms

Amended from www.purposegames.com

Examine the diagram above and answer each of the following questions.

(i) Name each of the landforms formed by coastal processes labelled **A, B, C, D, E** and **F**.

(ii) Name **two** specific processes of coastal erosion.

(iii) Explain briefly what is meant by *wave refraction*.

[20m]

3B. Human Interaction with the Rock Cycle

Describe and explain how humans interact with the rock cycle with reference to **one** of the following:

- Mining
- Extraction of building materials
- Oil/Gas exploitation
- Geothermal energy production.

[30m]

3C. Landform Development

Examine how **one** of the following influences the development of landforms:

- Folding
- Faulting.

[30m]

SECTION 2
REGIONAL GEOGRAPHY

Questions 4 to 6

All questions carry 80 marks.

Question 4

4A. Map Skills

Draw an outline map of **Ireland**.

On it, show **and** name each of the following:

- The outline of **one** named region
- **One** named urban centre in that region
- **One** named river in that region
- The outline of **one** named feature of relief (upland or lowland) in that region.

[20m]

4B. Primary Economic Activity

Examine **two** factors that have influenced the development of primary economic activity in a **Continental** / **Sub-Continental** region (not in Europe) that you have studied.

[30m]

4C. European Union

Explain **each** of the following challenges currently facing the European Union:

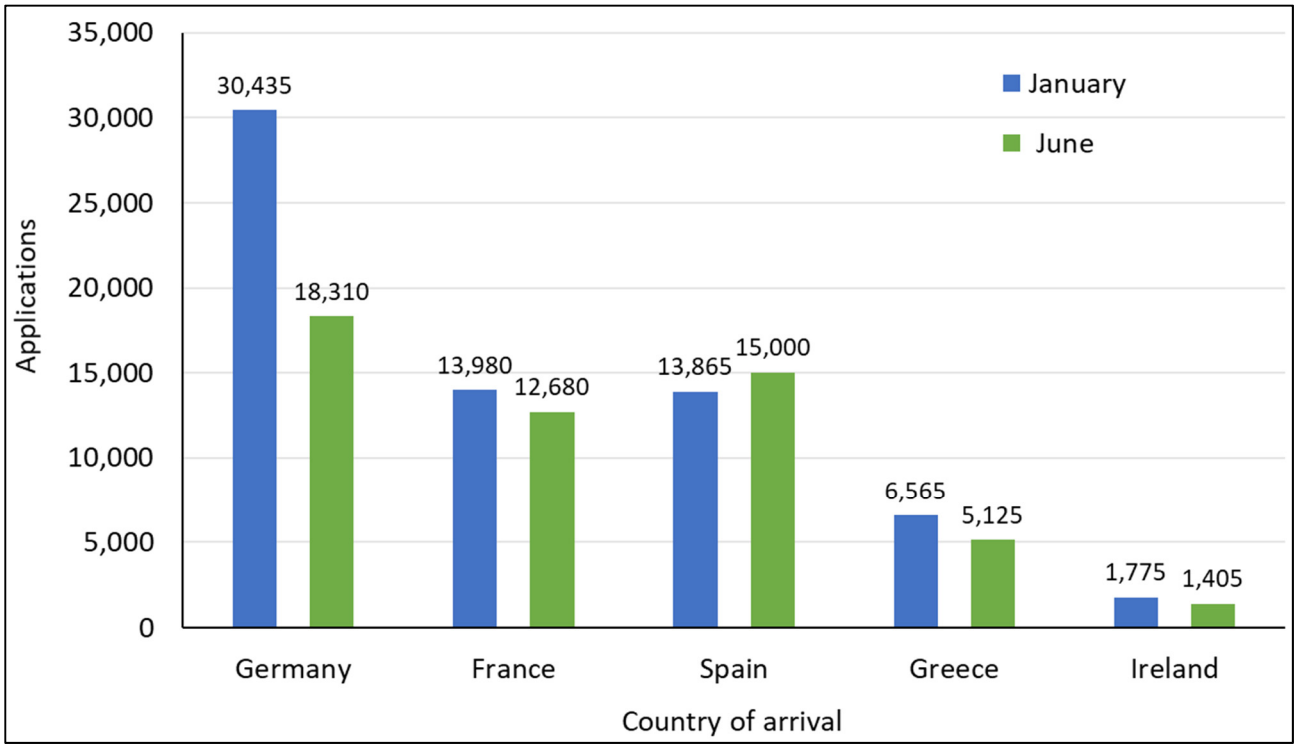

- Social challenges
- Economic challenges.

[30m]

Question 5

5A. European Union

First time European Union (EU) asylum applications by country of arrival (January and June 2024)

Amended from Eurostat

Examine the graph above showing first time asylum applications to selected European countries, for January and June 2024, and answer each of the following questions.

(i) Which country received the highest number of new applications for the period shown?
(ii) Which country had a larger number of new applications in June compared to January?
(iii) How many new first time applications did Ireland receive in January 2024?
(iv) Calculate the average asylum applications for January in the countries shown.
(v) State **one** possible reason why migration into the EU is high.
(vi) Explain briefly **one** benefit of increased migration for the European Union.
(vii) Explain briefly **one** challenge that the European Union faces as a result of high levels of inward migration.

[20m]

5B. Tertiary Economic Activity

Examine **two** factors that have influenced the development of **one** tertiary economic activity in an **Irish** region that you have studied.

[30m]

5C. Concept of a Region

Examine how climate **or** geomorphology can be used to define regions, with reference to example(s) that you have studied.

[30m]

Question 6

6A. Coastal Employment in Ireland

Coastal employment in the seafood sector in Irish regions for 2022

Region	Coastal Population	Coastal Employment	Employment in Seafood Sector	Percentage of Coastal Employment in Seafood Sector
North	74,989	27,488	3,736	14
North West	64,059	25,328	1,773	7
West	64,704	27,034	1,690	6
South West	90,323	36,718	2,095	6
South	115,533	49,815	3,169	6
South East	91,681	36,467	1,602	4
North East	83,775	36,139	1,238	**X**
Republic of Ireland	585,064	239,989	15,303	6

Amended from bim.ie

Examine the table above showing information on the seafood sector in Irish regions for 2022, and answer each of the following questions.

(i) Which region had the highest coastal population?
(ii) In the South East region what percentage (%) of coastal employment was in the seafood sector?
(iii) Calculate **X**, the percentage (%) of coastal employment in the seafood sector in the North East region.
(iv) Name **two** regions where the percentage (%) of total coastal employment is higher than the national average.
(v) Name **two** Irish fishing ports.
(vi) Explain briefly **one** challenge facing the seafood sector.

[20m]

6B. Secondary Economic Activity

Examine **two** factors that have influenced the development of secondary economic activity in a **European** region (not in Ireland) that you have studied.

[30m]

6C. Urban Development

Examine the factors that have influenced the development of **one** urban area in a **Continental / Sub-Continental** region (not in Europe) that you have studied.

[30m]

SECTION 3

ELECTIVES

Questions 7 to 12

Patterns and Processes in Economic Activities (Questions 7, 8 and 9)

Patterns and Processes in the Human Environment (Questions 10, 11 and 12)

All questions carry 80 marks.

PATTERNS AND PROCESSES IN ECONOMIC ACTIVITIES

Questions 7 to 9

All questions carry 80 marks.

Question 7

7A. Ordnance Survey Map

Examine the 1:50 000 Ordnance Survey map and legend accompanying this paper.

Draw a sketch map of the area shown to half scale.

On it, correctly show and label each of the following:

- The golf course
- The viewpoint
- The cycle route in the north west of the map
- An area of forestry south of northing 40.

[20m]

7B. Multinational Company

With reference to **one** multinational company that you have studied, describe and explain any **two** of the following:

- Sourcing of raw materials and components
- Location of processing units
- Location of markets.

[30m]

7C. Colonialism

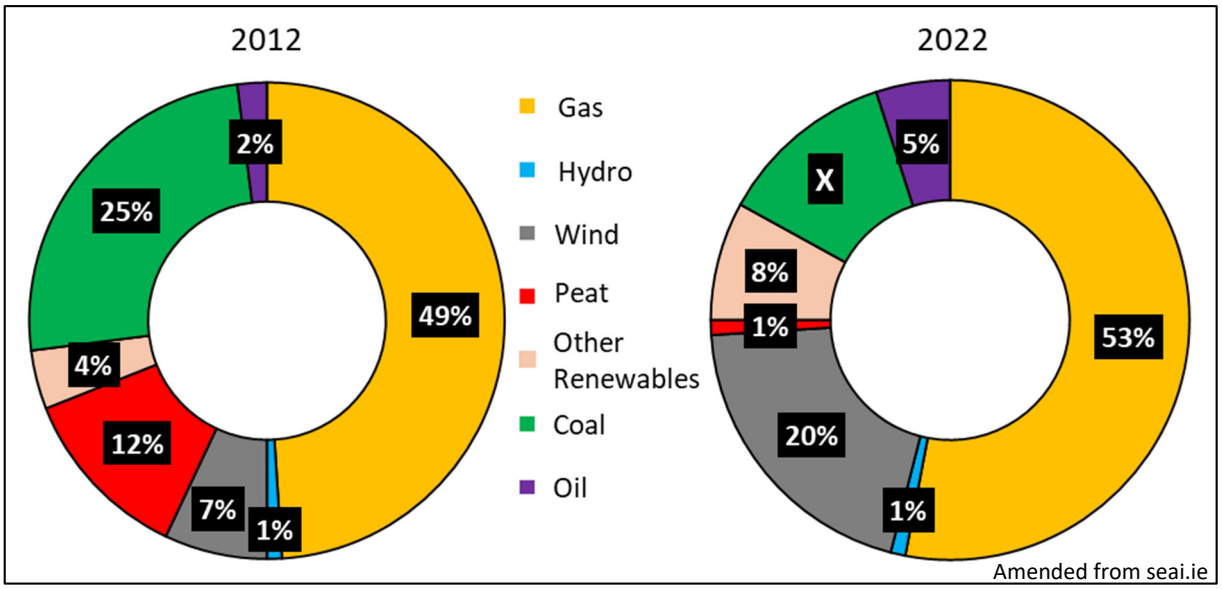

Examine the challenges resulting from colonialism faced by a developing economy that you have studied.

[30m]

Question 8

8A. Electricity Generation

Electricity Generation in Ireland by source (%) for 2012 and 2022

Examine the charts above showing electricity generation in Ireland by source (%) for 2012 and 2022, and answer each of the following questions.

(i) What was the largest fuel source for electricity generation in Ireland in 2022?

(ii) What was the smallest fuel source for electricity generation in Ireland in 2012?

(iii) Name **two** sources of electricity generation that declined from 2012 to 2022.

(iv) By what percentage (%) did wind increase as a source for electricity generation from 2012 to 2022?

(v) Calculate **X**, the percentage (%) of electricity generated from coal in 2022.

(vi) Other than hydro and wind, name **one** other source of renewable energy.

(vii) Explain briefly **one** negative impact of using fossil fuels for electricity generation.

[20m]

8B. Tertiary Economic Activities

Using evidence from the 1:50 000 Ordnance Survey map of Oughterard accompanying this paper, discuss the potential for the development of tourism in the area shown on the map, with reference to the following:

- Accessibility
- Services (excluding transport)
- Attractions.

[30m]

8C. European Union Policy

Examine how European Union policy/policies impact on the Irish economy.

[30m]

Question 9

9A. HDI – Life Expectancy

Average life expectancy (in years) at birth in 2023

Continent	Life Expectancy
Africa	63
Asia	74
Europe	78
North America	76
Oceania	79
South America	74

Amended from statista.com

Examine the data above showing the average life expectancy (in years) at birth by continent in 2023, and answer each of the following questions.

(i) Using graph paper, draw a suitable graph to illustrate this data.

(ii) Explain briefly **one** reason why life expectancy is lowest in Africa.

[20m]

9B. Economic Development – Developed Economy

Examine the impact of **two** of the following on the development of footloose industries **or** financial services **or** mass tourism in a developed economy that you have studied:

- Physical factors
- Political factors
- Human factors.

[30m]

9C. Renewable Energy

With reference to **one** specific renewable energy source, explain the advantages of this renewable energy source with reference to **each** of the following:

- Economic advantages
- Environmental advantages.

[30m]

PATTERNS AND PROCESSES IN THE HUMAN ENVIRONMENT

Questions 10 to 12

All questions carry 80 marks.

Question 10

10A. Aerial Photograph

Examine the aerial photograph of Oughterard accompanying this paper.

Draw a sketch map of the aerial photograph, half the length and half the breadth.

On it, correctly show and label each of the following:

- A sports field
- A bridge
- A church
- A housing estate in the foreground.

[20m]

10B. Urban Planning

Examine the effectiveness of urban planning strategies in solving **two** of the following urban problems, with reference to any urban area(s) that you have studied:

- Pollution
- Transport
- Housing.

[30m]

10C. Migration

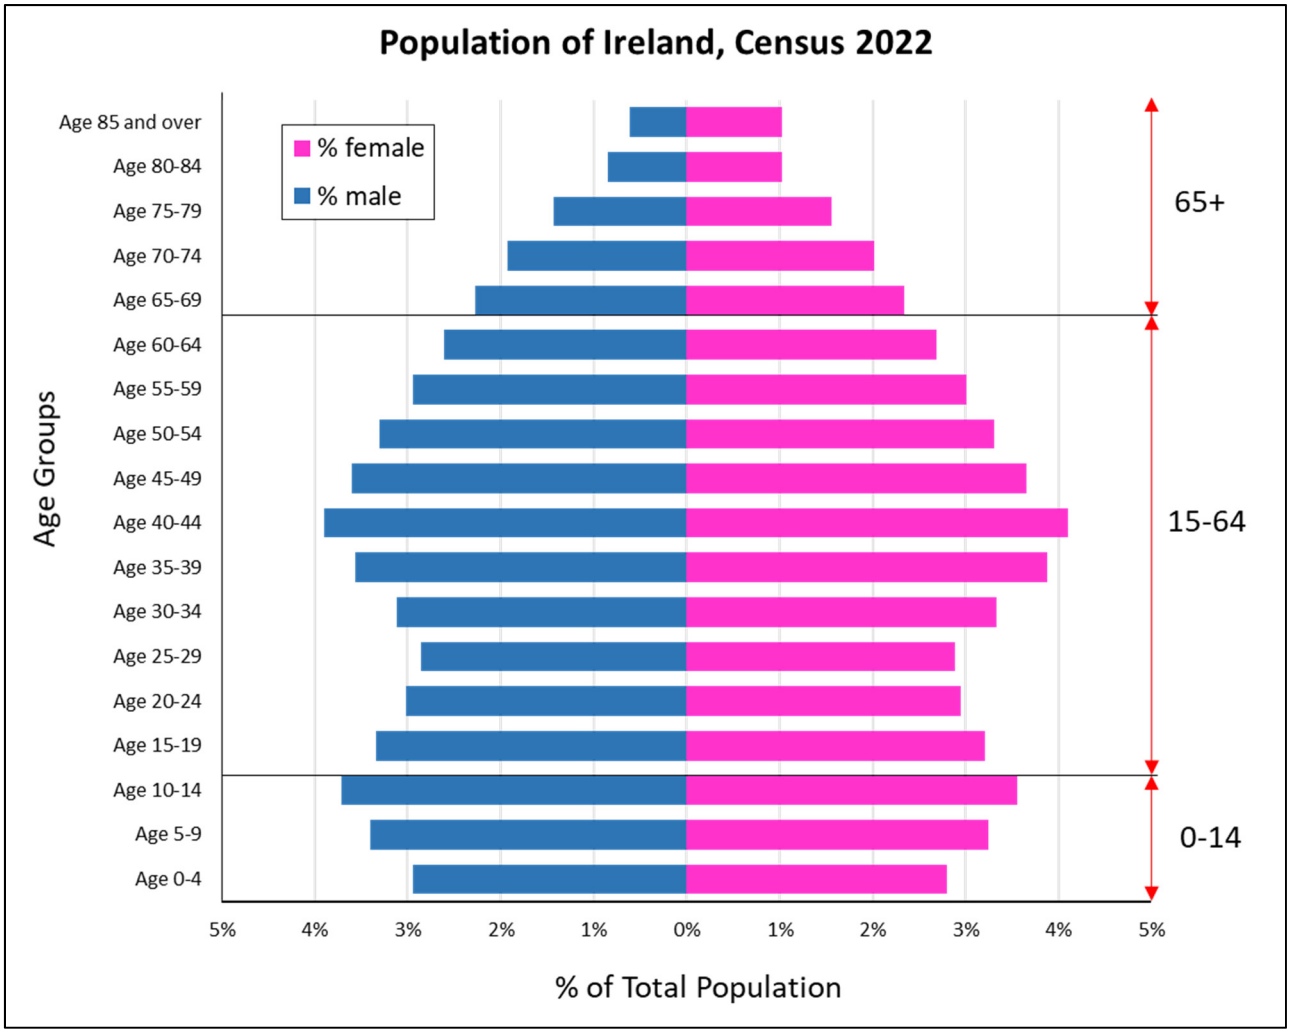

Population movements have an impact on donor and receiver regions.

Examine **one** impact of migration on donor regions **and one** impact of migration on receiver regions, using example(s) that you have studied.

[30m]

Question 11

11A. Population

Amended from CSO.ie

Examine the population pyramid above showing Ireland's population structure, according to Census 2022, and answer each of the following questions.

(i) What percentage (%) of females are reported as being in the 70-74 age group?

(ii) Which age group has the largest number of males and females?

(iii) Do males or females live longer into old age? Give **one** piece of evidence from the pyramid to support your answer.

(iv) Which of the following represents the approximate percentage (%) of males and females aged 65 and over: 11% **or** 15% **or** 19%?

(v) Explain briefly what is meant by the term *Dependency Ratio*.

(vi) Explain briefly **one** effect of the projected increase in Ireland's dependency ratio.

[20m]

11B. Central Place Theory

Describe and explain Central Place Theory with reference to example(s) you have studied.

[30m]

11C. Dynamics of Population

Examine the impact/influence of any **one** of the following factors on levels of population change, with reference to example(s) that you have studied:

- The development of resources
- Society and culture
- Technology.

[30m]

Question 12

12A. Heritage

UNESCO World Heritage sites by country

Country	Number of sites
Belarus	4
Chile	7
Egypt	7
Hungary	8
Iceland	3
Ireland	2

Amended from UNESCO.org

Examine the data above showing the number of UNESCO World Heritage sites in selected countries and answer each of the following questions.

(i) Using graph paper, draw a suitable graph to illustrate this data.

(ii) Explain briefly **one** benefit of having a heritage site in an urban area.

[20m]

12B. Settlement Distribution

Examine the 1:50 000 Ordnance Survey map of Oughterard accompanying this paper.

Using evidence from the map, account for variations in settlement distribution in the area shown on the map.

[30m]

12C. Urban Expansion

As cities grow and expand they impact on the surrounding areas.

Discuss this statement with reference to example(s) that you have studied.

[30m]

SECTION 4

OPTIONS

Questions 13 to 24

All questions carry 80 marks.

Note: It is better to discuss **three** or **four** aspects of the theme in some detail, rather than to give a superficial treatment of a large number of points.

Global Interdependence

Note: It is better to discuss **three** or **four** aspects of the theme in some detail, rather than to give a superficial treatment of a large number of points.

13. We live in an interdependent global economy. Discuss the impact of social and political decisions with reference to **each** of the following:

- Economic and political refugees
- Migration patterns
- Human rights issues.

[80m]

14. Empowering people is a way of linking economic growth with human development.

Discuss this statement with reference to any **three** of the following:

- National debt
- Aid programmes
- Levels of exploitation at local and global scales
- Differing gender roles in society.

[80m]

15. Examine sustainable development as a model for future development.

[80m]

Geoecology

Note: It is better to discuss **three** or **four** aspects of the theme in some detail, rather than to give a superficial treatment of a large number of points.

16. Examine how any **three** of the following processes impact on soil characteristics:

- Weathering
- Podzolisation
- Calcification
- Soil erosion.

[80m]

17. Examine the influence of mineral matter, air, water and organic matter on soil development.

[80m]

18. Biomes are altered by human activity. Examine this statement with reference to **each** of the following activities:

- The felling of tropical rainforests
- Intensive agricultural practices
- Industrial development.

[80m]

Culture and Identity

Note: It is better to discuss **three** or **four** aspects of the theme in some detail, rather than to give a superficial treatment of a large number of points.

19. Examine the importance of religion as a cultural indicator.

[80m]

20. Examine how different cultural groups can exist within nation states, with reference to example(s) you have studied.

[80m]

21. 'Cultural identity is defined by many diverse factors'.

Examine this statement with reference to a case study of a European region you have studied.

[80m]

The Atmosphere – Ocean Environment

Note: It is better to discuss **three** or **four** aspects of the theme in some detail, rather than to give a superficial treatment of a large number of points.

22. Describe the formation of each of the following **and** discuss its impact on weather patterns:

- Mid-latitude depressions
- Anticyclones
- Land and sea breezes.

[80m]

23. Give an account of how atmosphere-ocean phenomena (e.g. pressure, temperature, wind and humidity) are measured and examine the importance of such measurements.

[80m]

24. Examine how climate characteristics influence economic development.

[80m]

Do not hand this up
